

# What is NLP?

## How Humans Learn Words

What is this shape?  
How sure are you?  
Why?

# Guess the words

- What does **ptaskl** likely mean here? How did you figure that out?
  - 5 stars - “This movie is **ptaskl**. It is the most amazing thing I’ve seen in years.”
- What does **ymsa** likely mean here? How did you figure that out?
  - 1 star - “I **ymsa** this movie.”
- Guess how many stars?
  - “All movies should be as **ptaskl** as this one! I don’t understand how anyone can **ymsa** it.”

# DISCUSSION

- How were you able to guess whether the shape was a Kala or a Bata?
- How were you able to learn what ptaskl and ymsa meant?
- How do you think this compares to how machines learn words?

## Exit ticket: Unit 1.05 - How People Learn Words

What about how a human learns words do you think is replicable by a machine?
